**SUMMER SCHOOL 2017 -
Active Summer, Active Minds!
ELEMENTARY/MIDDLE SCHOOL PROGRAM**

Welcome to our “Summer Success 2017” camp program for grades 1-8! The Education Center School offers a dynamic and engaging program during the summer months for **elementary and middle school/junior high** age students in 1st through 8th grade. We also offer an **extensive variety, for credit, of high school courses in grades 9-12** for those students earning credits (Carnegie units) toward high school graduation (www.educationcenterschool.com).

Our **summer program** has been offered in the Jackson Metro Area for more than 50 years. Students acquire skills to enrich or move to the next grade level by:

- mastering reading with better vocabulary development and comprehension
- developing and advancing word attack and recognition abilities
- improving and retaining math computation skills, concepts, and facts
- learning how to effectively organize information in all classes, including science, social studies, and language arts

We also offer a for credit online program for students unable to attend on-campus classes. Summer classes are offered for **school credit or enrichment** and are tailored to specific ages and grades. Each child will have a personalized program created to concentrate on his or her particular needs and interests. Our curriculum is rich and diverse, ensuring the best possible learning experience. The Education Center School is widely known for its **individualized and differentiated approach** to learning that encourages students to become secure and confident learners by utilizing small student numbers in each class and one-on-one teaching.

Students are taught by **experienced, certified teachers** and staff members that are the best in facilitating learning. Our teachers have the innate ability and talent to inspire and are carefully selected for their ability to lead, motivate, and connect with each child.

ECS is accredited by national and regional associations including AdvancED™ and Southern

Association of Colleges and Schools (SACS),  which allows us to work easily with all public and private schools. We appreciate and respect any information from other schools regarding the design of each child’s program. **We will gladly consult with school counselors, teachers, and principals to meet required educational goals.**

Visit or call The Education Center School today for information, campus tour, or conference concerning enrollment. We look forward to helping your child achieve success this summer!
